SUBJECT: Designation of General Assembly Delegate and Alternate

Description Reaffirmation of selected City voting delegates and alternates.

Background and Analysis:

The League of California Cities (Cal Cities) Annual Conference will be taking place on October 16-18, 2024. During this conference a General Assembly will be conducted on Friday the 18th. During the General Assembly, city officials can participate in the development of Cal Cities policy by way of resolution petitions. Each city can select one voting delegate and alternates to participate in any vote casting that takes place. In order to participate there must be action by the Council to select the delegate and two alternates by September 25, 2024.

Fiscal Impact:

Staff estimates the cost to prepare this report to be \$150.
