

RESOLUTION NO.

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF BEAUMONT
ADOPTING THE CITY OF BEAUMONT 2024 DEVELOPMENT IMPACT
FEE SCHEDULE BASED ON THE FINDINGS SET FORTH IN THE CITY OF
BEAUMONT DEVELOPMENT IMPACT FEE STUDY UPDATE (FINAL) DATED
OCTOBER 31, 2024**

A. The City of Beaumont (“City”) adopted Development Impact Fees pursuant to and in compliance with the California Mitigation Fee Acts (Government Code § 66000, et seq.) (“Fees”).

B. Purpose of the Fees. The City Council finds that the purpose of the Fees hereby imposed is to prevent new development from adversely impacting the level of service for public facilities in Beaumont by requiring new development to contribute to the cost of improvements needed to meet the needs of new development and to provide a funding source from new development for capital improvements necessitated by and needed to serve that development. The Fees advance a legitimate City interest by enabling the City to provide public facilities necessitated by development.

C. Use of the Fees. The City Council finds that revenue from the impact fees hereby enacted will be used to acquire land and equipment and construct new and expanded facilities needed to mitigate the impacts of new development. Those improvements are identified in the 2024 City of Beaumont Development Impact Fee Study Update dated October 31, 2024 (“Fee Study”) prepared by Wildan Financial Services.

D. Reasonable Relationship: Based on analysis presented in the Fee Study prepared by Wildan Financial Services, which is incorporated herein by reference, the City Council finds that there is a reasonable relationship between:

1. The use of the fees and the types of development projects on which they are imposed; and
2. The need for facilities and the types of development projects on which the fees are imposed.

E. In 2021, Assembly Bill 602 (“AB 602”) amended the Mitigation Fee Act of the California Government Code which governs Development Impact Fees; and

F. AB 602 emphasized the need to adopt a Development Impact Fee Nexus Study at a public hearing prior to the adoption of any new or increased Development Impact Fees; and

G. AB 602 requires in part that the Development Impact Fee Nexus Study identify existing level of service for each public facility, identify new levels of service, include an explanation of why the new levels of service are more appropriate, and include information to support the required findings for adoption of new or increased Development Impact Fees; and

H. The Fee Study provides a quantified basis for support of each Development

Impact Fee and legal support for the required findings that must be made to justify the amount of each Development Impact Fee, based on existing deficiencies of certain public facilities and the projected burdens on those facilities caused by prospective development in the City; and

I. The City’s last Development Impact Fee Nexus Studies took place in 2017, and since that time, the City has approved a Capital Improvement Plan, and has seen significant development activity in the recent years; and

J. The City retained the professional services of Wildan Financial Services to prepare the Fee Study and

K. By notice duly given and published, the City Council set the time and place for a public hearing on the Fee Study and the Fee proposed thereunder, and at least ten days prior to the hearing, the City made the Fee Study available to the public on May 31, 2024, September 16, 2024, and October 31, 2024.

L. At the time and place set for the hearing, the City Council duly considered the data and information provided by the public relative to the costs for which the fees are proposed and all other comments, whether written or oral, submitted prior to the conclusion of the hearing.

M. The City Council found that the Fee Study proposes a fair and equitable method for distributing a portion of the unfunded costs of the improvements and facilities, and specifically:

1. That the Fee Study identifies the purpose of each Development Impact Fee;
2. That the Fee Study identifies the use to which each Development Impact Fee is to be put;
3. That the Fee Study identifies all public facilities that will be financed by the respective Development Impact Fee;
4. That the Fee Study determines how there is a reasonable relationship between each Development Impact Fee’s use and the type of development project on which the respective Development Impact Fee will be imposed; and
5. That the Fee Study determines how there is a reasonable relationship between the need for each public facility and the type of development project on which the particular Development Impact Fee will be imposed;
6. That the Fee Study includes all the requisite information to support the adoption of the Fee Study as required under subdivision (a) of Section 66001 of the California Government Code.
7. That the Fee Study supports all increases of existing Development Impact Fees and the assumptions contained in the Fee Study supporting the original fees were properly reviewed and amount of the fees collected under the original fees were properly reviewed and amount of the fees collected under the original fee

were properly evaluated pursuant to subdivision (a)(4) of Section 66016.5 of the California Government Code.

8. That pursuant to subdivision (a)(5)(A) of Section 66016.5 of the California Government Code, since the Fee Study calculates the Development Impact Fees imposed on housing based on the square footage of the proposed number of units, it is deemed to be a valid method of establishing a reasonable relationship between the Development Impact Fee charged and the burden imposed by housing development;

That proper notice of the November 5, 2024, Public Hearing was provided pursuant to Sections 66002 and 60016.5 of the California Government Code for the Fee Study.

N. The City Council adopted the Fee Study and findings incorporated therein, and incorporates it herein as though set forth in full.

O. The levying of the Fee has been reviewed by the City Council and staff in accordance with the California Environmental Quality Act (“CEQA”) and the CEQA Guidelines and it has been determined that the adoption of this resolution is exempt from CEQA pursuant to Section 15061(b)(3) of the CEQA Guidelines.

NOW, THEREFORE, the City Council of the City of Beaumont does resolve as follows:

SECTION 1. Fee Schedule. There is hereby adopted the fee schedule for the Fees as contained in Table E.1 in the Fee Study and attached hereto as **Exhibit “A”**.

SECTION 2. Effective Date. This Resolution shall become effective at least sixty (60) days from the date of approval on January 6, 2025.

ADOPTED this 5th day of November 2024.
