

## Staff Report

**TO:** City Council  
**FROM:** Eric Guzman, Human Resources/Risk Management Analyst  
**DATE:** December 17, 2024  
**SUBJECT:** Riverside County Superintendent of Schools Special Education Vocational Education Program

---

**Description** Transition Partnership Program/Work Ability.

### **Background and Analysis:**

The Riverside County Superintendent of Schools and the Riverside County Office of Education have partnered with Beaumont High School to launch a Transition Partnership Program (TPP). The Transition Partnership Program is an interagency vocational program federally funded by the California State Department of Rehabilitation. The goal of TPP is to assist Beaumont High School students with disabilities in overcoming challenges in their transition from high school to further education, training, or to gain meaningful employment. The Office of Education and Beaumont High School are looking for business partners in the community to participate, participation entails placing the students who will be employed by Riverside County Office of Education in a workplace setting and allowing them to receive on the job training and experience. As a participant the City can begin to expose our students to local government. Each student will receive up to 300 hours of paid work experience and will job shadow staff a few hours every week, requiring short term time commitment from staff. The City Attorney has reviewed and approved the language in the agreement.

### **Fiscal Impact:**

There are no costs associated with the agreement, staff time will be allocated based on the department and the assignment. City staff estimates the cost to prepare this report was \$209.

### **Recommended Action:**

Authorize the City Manager to execute the agreement with Riverside County Superintendent of School and Riverside County Office of Education.
