

## Staff Report

**TO:** City Council  
**FROM:** Nicole Wheelwright, Deputy City Clerk  
**DATE:** January 21, 2025  
**SUBJECT:** Mayoral Reaffirmation of City Representation to Boards and Committees

---

**Description** Reaffirming City representation to current seat holders and representatives *Strategic Plan Target #1 Communications/Relationships*.

### **Background and Analysis:**

This item is being presented to allow the Mayor to reaffirm City representation on any boards or committees that Council Members have applied and been appointed to seats thereof.

As an example, Council Member Martinez currently holds a seat on the League of California Cities (CalCities) Environmental Quality Policy Committee as one of two Riverside County representatives. Council Member Martinez has been re-appointed by CalCities to this committee for the 6<sup>th</sup> year.

City Council representation on outside boards and committees supports Strategic Plan Target #1 – Communications/Relationships, Goal #1 – Strengthen Relationships with other Community Leaders.

### **Fiscal Impact:**

There is no fiscal impact for appointment to the committee. All travel expenses would be funded from the FY 2024/25 City Council Travel budget, 100-1050-7066-0000. Staff estimates the cost to prepare this report to be \$75.00.

### **Recommended Action:**

Mayoral reaffirmation to any City Council members holding seats on any outside appointed committees or boards.
