

## Staff Report

**TO:** City Council  
**FROM:** Kylie Tillema, Assistant Fire Marshall  
**DATE:** November 15, 2022  
**SUBJECT:** Receive and File the Fiscal Year 2021-2022 Health and Safety Code (HSC) 13146.4 Annual Inspection Report of Certain Occupancies Pursuant to Sections HSC 13146.2 and 13146.3

---

**Description** State Mandated Annual Inspection Reporting

### **Background and Analysis:**

In 2018, California Health and Safety Code Section 13146.4 was added by Senate Bill 1205 (SB1205) and became effective January 1, 2019. Section 13146.4 requires all fire departments, that provide fire protection services, to report annually to their administering authority on their compliance with Health and Safety Code Sections 13146.2 and 13146.3. Sections 13146.2 and 13146.3 require annual inspections of every building used as a public or private school (used by more than 6 persons for educational purpose through the 12<sup>th</sup> grade), hotel, motel, lodging house, apartment house (3 units or more) and certain residential care facilities for compliance with building standards.

During the time period of July 1, 2021, to June 30, 2022, the Fire Department identified twelve Group E and sixty-nine Group R occupancies, buildings, structures and/or facilities in the City of Beaumont and completed 100% of the annual inspections at the identified occupancies, buildings, structures and/or facilities. The Fire Department will continue to assess, with the assistance of City staff, the existing building stock and new development within the City in an effort to ensure that all applicable Group E and R buildings, structures and/or facilities receive an annual inspection in accordance with SB1205.

### **Fiscal Impact:**

Cost to prepare this staff report is approximately \$250.
