# 2025 EVENT

- Launch Zones (CLOSED)**
- Construction Zones (CLOSED)**
- Road Closures - During fireworks/drone performance only (60min +/- event time)**
- Viewing Area**
- Beaumont Nights Area**

*It is anticipated the BUSD will be will have a construction project taking place at Palm Innovation Academy which will require their parking lot to be relocated to the open field area to the west of the school. The closure depicted is an estimated area that may be closed for the project.*

*Additionally, the Beaumont Police Officer Association has historically utilized a portion of the open field area for their annual family BBQ event which uses the field area for jumpers.*

*Due to the high volume of viewers in 2024, it is proposed to close the streets surrounding the launch and viewing zones 60-minutes before and after the event time to provide additional safety for viewers.*
