TO SUBDIVIDE 2.70 ACRES INTO 10 SINGLE FAMILY RESIDENTIAL LOTS RANGING IN SIZE FROM 8,500 TO 9,365 SQUARE FEET, AND ONE LETTERED (1) LOT AND LANDSCAPING WITH A VARIANCE FOR THE LENGTH OF LOTS TO EXCEED 2.5 TIMES THE WIDTH LOCATED WEST OF PENNSYLVANIA AVENUE AND NORTH OF ELEVENTH STREET IN THE SINGLE-FAMILY RESIDENTIAL (SFR) ZONE.

Note: Any conditions revised at a hearing will be noted by ~~strikeout~~ (for deletions) and/or underline (for additions), and any newly added conditions will be added at the end of all conditions regardless of the Department originating the condition.

STANDARD CONDITIONS

The following conditions of approval are for Tentative Tract Map No. 38879 and consist of all subsequent conditions and all conditions of approval for the Tentative Tract Map.

1. The subdivider shall defend, indemnify, and hold harmless the City of Beaumont, its agents, officers, and employees from any claim, action, or proceeding against the City of Beaumont, its agents, officers, or employees to attack, set aside, void, or annul an approval of the City of Beaumont, its advisory agencies, appeal boards, or legislative body concerning TENTATIVE TRACT MAP NO. 38879 which action is brought within the time period provided for in California Government Code, Section 66499.37. The City of Beaumont will promptly notify the subdivider of any such claim, action, or proceeding against the City of Beaumont and will cooperate fully in the defense. If the City fails to promptly notify the subdivider of any such claim, action, or proceeding or fails to cooperate fully in the defense, the subdivider shall not, thereafter, be responsible to defend, indemnify, or hold harmless the City of Beaumont
2. The subdivision shall comply with the State of California Subdivision Map Act and to all the pertinent requirements of The Beaumont Municipal Code, unless modified by the conditions listed below.

3. This conditionally approved tentative map will expire on TBD per Beaumont Municipal Code Chapter 16.32.040.A. Action on a minor change and/or revised map request will not extend the time limits of the tentative map. Approval of the final map by the City Council is required.
4. If required by the Planning Department, within ten (10) days of approval by the City Council 1 (one) copy of an Amended Per Final Conditions map shall be submitted to and approved by the Planning Department prior to release of the final conditions of approval.
5. Any subsequent review/approvals required by the conditions of approval, including but not limited to grading, landscaping, plot plan and/or building plan review, shall be reviewed and approved by applicable departments.
6. The subdivider shall be fully responsible for maintenance and upkeep of any and all slopes, landscaped areas, open space areas, future development areas and irrigation systems until such time as maintenance responsibilities are assumed by other as approved by the Planning Department.
7. The project is exempt from provisions of the California Environmental Quality Act (CEQA) under CEQA Guidelines Section 15332 in that information contained in the project file and documents incorporated herein by reference demonstrates that: TM2023-0012 is consistent with the General Commercial General Plan designation and all applicable General Plan policies as well as the applicable zoning designation; the proposed project site is located within the boundaries of the City of Beaumont; TM2023-0012 has no value as habitat for endangered, rare or threatened species; there is no substantial evidence in the record that TM2023-0012 will result in significant effects related to traffic, noise, air quality or water quality in that the proposed project incorporated and otherwise is subject to air and water quality resource agency design requirements to avoid harmful effects; and the site is or can be adequately served by all required utilities and public services. As such, the project meets the criteria for application of a Class 32 (In-Fill) Categorical Exemption under the CEQA Guidelines. Additionally, none of the exceptions provided in CEQA Guidelines Section 15300.2 apply to this project.
8. Tentative Tract No. 38879 has been found to be substantially in conformance with the Single Family Residential (SFR) zone.
9. The approval of this map shall not result in any vesting provisions relative to the City of Beaumont fees and exactions.

10. A Plot Plan application for the plotting of Single Family Residential Dwellings is required to be submitted to the Planning Department review using the Objective Design Standards set forth for the Single Family Residential (SFR) zone and Beaumont Municipal Code Chapter 17.03.060.
11. A minor plot plan for all residential buildings, garages and accessory buildings for residential products shall be submitted to the Planning Department accompanied by applicable filing fees for a minor plot plan not subject to the California Environmental Quality Act and not subject to review by any governmental agency other than the City of Beaumont. The minor plot plan shall be subject to the approval of Planning Department and shall contain the following elements:
 - a. A final site plan (1"=30' minimum scale precise grading plan) showing all lots, building footprints, setbacks, walls, fencing, the floor plan and elevations of individual lots.
 - b. One (1) color and materials sample board containing precise color texture and material swatches or photographs (which may be from supplier's brochures). Indicate on the sample board the name, address and phone number of the preparer and the project applicant, the tract number, and the manufacturer and product numbers when feasible (trade names also acceptable).
 - c. One (1) set of architectural elevations colored to represent the selected color combinations, with symbols keyed to the color and materials sample board. Brief written color and material descriptions shall be located on the colored elevations. No landscaping or other enhancements shall be shown on the elevations. All residential structures shall be provided with "four-sided" architectural features. With respect to residential structures, this may take the form of edge trim on all exterior doors or windows, or other methods as approved by the Planning Department. Enhanced or upgraded rear and side facing architectural features shall be included for dwelling units adjacent to or visible from parks, walkways, and public roadways.
 - d. Detailed wall and fencing plan for the subdivision, including colors, materials and location details.
12. Detailed landscaping and irrigation plans shall be submitted to and approved by the Planning Department for the phase of development in process. The plans shall address all areas and aspects of the tract requiring landscaping and irrigation to be installed including, but not limited to, parkway planting, recreation trails, street trees, slope planting, common area and/or park landscaping. The plans shall be certified by a landscape architect, and shall provide for the following:

- a. Permanent automatic irrigation systems shall be installed on all landscaped areas requiring irrigation. Low water use systems shall be specified.
- b. Landscape screening where required shall be designed to be opaque up to a minimum height of six (6) feet at maturity.
- c. All utility service areas and enclosures shall be screened from view with landscaping and decorative barriers or baffle treatments, as approved by the Planning Department. Utilities shall be placed underground wherever feasible.
- d. Landscaping plans shall incorporate the use of specimen accent trees (24" box minimum) at key visual focal points within the project.
- e. Landscaping plans shall incorporate native, low water using and drought tolerant plants where appropriate. All Landscaping shall be in compliance with Beaumont Municipal Code Chapter 17.06.
- f. All specimen trees on the subject property shall be shown on grading plans. Trees intended for retention and/or removal shall be so noted on the project grading plans. Replacement trees for those to be removed shall also be shown on the project grading plans.

- g. All trees shall be minimum double-staked. Weaker and/or slow-growing trees shall be steel-staked.
 - h. Trees proposed within 10 feet of any Right-of-Way shall provide for a 36" deep root barrier.
- 13. Detailed landscaping and irrigation plans shall be submitted pursuant to the Conditions of Approval with the applicable processing fee.
- 14. No lots fronting on knuckles, or cul-de-sacs shall have less than twenty-five (25) feet of frontage measured at the property line, with the exception of flag lots as approved by the Planning Department.
- 15. All front yards shall be provided with landscaping and automatic irrigation systems and adhere to Municipal Code Chapter 17.06 Landscaping Standards, as approved by the Planning Department. Additionally, all front yard landscaping shall be installed with drought tolerant landscaping.
- 16. Except for safety signage required by other provisions of law, signage is not approved as part of this project. Signage, in accordance with Beaumont Municipal Code, may be approved at a later date under a separate permit.
- 17. All landscaped areas shall be maintained in a healthy and thriving condition, free from weeds, trash, disease, vermin, and debris during the life of this project.
- 18. All landscaped areas within the site and within the public right-of-way shall be maintained in good condition. Any landscape in disrepair will need to be replaced and maintained in good condition.
- 19. No wood fencing is permitted in this development. All fencing materials shall be masonry, vinyl or tubular steel, as approved by the Planning Department.
- 20. Driveways shall be designed so as not to exceed a fifteen (15) percent grade.
- 21. All street side yard setbacks shall be a minimum of ten (10) feet.
- 22. All utility connections and easements shall be placed underground and shall not encroach into the driveway area unless otherwise approved by the Public Works Department.
- 23. A detailed wall and fencing plan shall be submitted to and approved by the Planning Department & Public Works Department and shall show all project walls and fencing including but not limited to perimeter fencing, side and rear yard fencing, and open space or park fencing. A typical elevation of all walls and fences shall be shown on the wall and fencing plan. Decorative block walls shall be constructed

along all side or other yards adjacent to streets, or which are plainly visible, and in locations as may be required by the Planning Department.

SUBDIVISIONS

24. Tentative Tract Map No. 38879 shall be recorded prior to the issuance of ~~grading permits~~ or any residential building permits associated with the project.
25. The developer shall install U.S. Postal Service approved neighborhood mailboxes prior to occupancy.

FIRE DEPARTMENT CONDITIONS

26. With respect to the planning conditions for the referenced project, the fire department requires the following fire protection measures be provided in accordance with Riverside County Ordinances, the current edition of California Fire Code (CFC) as adopted and amended by the County of Riverside and/or recognized fire protection standards.
27. Fire Protection Water Supplies/Fire Flow - Minimum fire flow for the construction of all buildings is required per CFC Appendix B. Prior to building permit issuance for new construction, the applicant shall provide documentation to the Fire Department to show there exists a water system capable of delivering the required fire flow. Specific design features may increase or decrease the required fire flow. Reference CFC as amended.
28. Will Serve Letters from the responsible water purveyor are required prior to a map recordation.
29. Fire Protection Water Supplies/Hydrants - The minimum number of fire hydrants required, as well as the location and spacing of fire hydrants, shall comply with the CFC Appendix C. Fire hydrants shall be located no more than 600 feet from all portions of the exterior of the building along an approved route from a fire apparatus access road. Where new water mains are extended along streets and hydrants are not needed for protection of structures, standard fire hydrants shall be provided at spacing not to exceed 1000 feet along streets for transportation hazards. The size and number of outlets required for the approved fire hydrants are 4" x 2 ½". Final fire hydrant locations shall be determined during the fire water plan review. Reference CFC as amended.
30. Tract Water Plans - If fire hydrants are required to be installed, applicant/developer shall furnish the water system fire hydrant plans to Fire Department for review and approval prior to building permit issuance. Plans shall be signed by a registered civil engineer, and shall confirm hydrant type, location, spacing, and minimum fire

flow. Once plans are signed and approved by the local water authority, the originals shall be presented to the Fire Department for review and approval. Reference CFC as amended.

31. Fire and Life Safety Requirements - Final fire and life safety conditions will be addressed when the Fire Department reviews any subsequent submittals. These conditions will be based on California Fire Code (CFC), California Building Code (CBC), and related codes/standards adopted and amended at the time of construction plan submittal.
32. Residential Fire Sprinklers: Residential fire sprinklers are required in all one and two-family dwellings per the California Residential Code (CRC). Plans must be submitted to the Office of the Fire Marshal for review and be approved prior to installation. Reference CRC.
