OPEN QUESTION

If there was one thing you could change about Beaumont, what would it be?

More bus stops specifically at new houses at fairway, a lot of students go to the high school and they need to walk a lot to come back home. Thank you. I hope you guys can do something.

Reduce Crime

Build more on and off ramps. Stop adding housing developments that our city cannot support. No more truck warehouses, our traffic is already impossible.

The need for more roads that go over or under the freeways. If an emergency situation happened and we need to evacuate the area the few roads we have would be overwhelmed. Beaumont did a poor job of growing the roadways before the houses came.

The recreation programs is very minimal, this community is growing with a diverse family demographic. We need more city run programs especially during summer. Like summer camps should be offer.

I would not let warehouses in the city.
