**TO:** Honorable Mayor and Members of the City Council  
**FROM:** Robert L. Vestal, City Engineer | Public Works Director  
**BY:** Matthew Mendoza, Senior Management Analyst  
**DATE:** February 17, 2026  
**SUBJECT:** Third Amendment to Fiscal Year 2026-2030 Capital Improvement Plan

**Description:** Resolution to amend the five-year Fiscal Year 2026-2030 Capital Improvement Plan (CIP).

### Background and Analysis:

The City's Capital Improvement Plan (CIP) is a 5-year planning document that identifies the major capital improvement expenditures and gives a proposed sequence of implementing their design and construction. The CIP is reviewed, revised, and adopted annually to account for completed and newly identified projects. Occasionally, the CIP is amended within a given year to promote better use of the City's limited financial resources, focus priorities, update projects, and assist in the coordination of public and private development.

On June 3, 2025, City Council adopted Resolution No. 2025-21, "A Resolution of the City Council of the City of Beaumont Adopting a Five-Year Capital Improvement Plan for Fiscal Years 2026-2030." Government Code Section 66022 allows the City Council to periodically update the adopted CIP.

On August 19, 2025, City Council approved the first amendment to the five-year Capital Improvement Plan for Fiscal Years 2026-2030. Subsequently, on November 18, 2025, City Council approved the second amendment to the five-year CIP.

Staff is now proposing to amend the CIP by adding one (1) new project, revising five (5) project budgets, and closing three (3) projects.
