PROPOSAL

October 30, 2023

**Ms. Elizabeth Gibbs
City Manager
City of Beaumont
550 E. 6th Street
Beaumont, CA 92223**

SUBJECT: Proposal to Provide Senior Advisory Services for the Evaluation of Outside Sales of Recycled Water or Potential Transfers

Dear Ms. Gibbs,

Dopudja & Wells Consulting (Dopudja & Wells) understands that the City of Beaumont (City) is seeking support for implementing outside sales or the reuse of its recycled water. These activities are based upon recent discussions and exploration with the City and adjacent agencies such as the Beaumont Cherry Valley Water District (BCVWD), the San Geronimo Pass Water Agency (SGPWA), and the Morongo Band of Mission Indians (MBMI), to determine the highest and best use of the City's recycled water. Dopudja & Wells anticipates our engagement will be with senior City management staff and its City Council Water Subcommittee to provide strategic-level advice regarding the explored alternatives.

Dopudja & Wells has extensive experience in the type of services the City is exploring. We have advised and negotiated similar complex agreements with agencies such as:

- City of Rialto
- Inland Empire Utility Agency
- South Coast Water District
- Irvine Ranch Water District
- Municipal Water District of Orange County
- Western Riverside County Regional Wastewater Authority
 - Western Municipal Water District
 - Jurupa Community Services District
 - City of Norco
 - City of Corona
 - Home Gardens Sanitary District
- Calleguas Municipal Water District
 - Berylwood Heights Mutual Water Company
 - Camrosa Water District
 - City of Camarillo
 - Crestview Mutual Water Company
 - Pleasant Valley Mutual Water Company
 - Solano Verde Mutual Water Company
 - Ventura County Waterworks District #s. 1, 8, 17, 19 and 38
 - Zone Mutual Water Company

subsequent phase consisting of policy implementation and negotiations with potential partnering agencies or purchasers. Phase 1 will focus on the following major task areas:

Task 1. Review Existing Supporting Documents

Dopudja & Wells anticipates a high-level review of existing supporting documents provided by the City. These may include supporting technical studies, notes from the facilitated process, existing agreements, and the proposed agreement with BCVWD. These documents will be reviewed to help with high-level strategic advisement and policy development. We will not review existing documents for technical accuracy or legal opinion.

Task 1 Summary: There are no deliverables for this task. Information taken from the review will be used as a basis for the subsequent tasks.

Task 2. Interviews with City Staff and Council Subcommittee Members

Based upon initial discussions with the City Staff, Dopudja & Wells has prepared a preliminary list of prospective issues requiring resolution for the City's recycled water options. These include:

- Recycled Water Availability
- Potential In-plant Usages
- Flows required for River Discharge
- Opportunities for Outside Sales/Cooperative Agreements
- Cost-Benefits of Required Infrastructure
- Overall Value of the Effluent

Task 2 may involve contacting designated representatives of BCVWD, SGPWA, or MBMI to validate particular issues and ascertain if there are additional issues or concerns that may need to be addressed. For budgeting purposes, Dopudja & Wells anticipates scheduling one-hour individual virtual interviews each with BCVWD, SGPWA or MBMI.

From information gathered in the interviews, an updated issue list will be delivered to the City and reviewed with the City Council Water Subcommittee for completeness and consensus.

Task 2 Summary: Deliverable for this task is a vetted comprehensive issues list to be addressed in subsequent tasks. This task includes three two-hour virtual meetings with the City staff and/or Council Subcommittee members. For budgeting purposes, Dopudja & Wells has also included three individual one-hour virtual meetings each with BCVWD, SGPWA and MBMI.

Task 3. Evaluation of Recycled Water Availability and Conceptual Infrastructure Requirements

Using the data provided in Task 1 and Task 2, Dopudja & Wells will develop reconciled projections for recycled water availability. The projections will include near-term (next five years), 2033, and ultimate values.

Dopudja & Wells will develop a conceptual layout for the required recycled water infrastructure for each of the three service options to BVCWD, SGPWA, and MBMI. The conceptual layout will be based upon previous efforts to the extent possible and updated where appropriate.

Task 3 Summary: Recycled water availability and conceptual infrastructure projections will be developed in figure and table format. The figures and tables will be integrated into the memorandum described in Task 5.

Task 4. Cost Benefit Analysis

Following the conceptual layouts, Dopudja & Wells will evaluate the cost and benefits of the proposed infrastructure alternatives with the preliminary water reuse policy that is being developed. The Cost Benefit Analysis will help guide the discussions regarding the highest and best use of the City's treated effluent. Cost projections are anticipated to be at the conceptual level in terms of dollars invested compared to acre-feet of yield. Industry standard cost assumptions will be used where no specific data is available for the City's options.

Task 4 Summary: Cost Benefit Analysis in figure and table format will be provided for review and comment by City staff and/or Council Subcommittee members.

Task 5. Policy Formation and Recommendations

Upon the conclusion of Tasks 1 through 4, Dopudja and Wells will prepare a Draft Policy Memorandum for the City that outlines a policy recommendation and potential paths forward. Dopudja & Wells will conduct a virtual call to present the Draft Policy Memorandum and recommendations to City staff and the City Council Water Subcommittee. Comments will be received and integrated into a Final Policy Memorandum.

Task 5 Summary: Draft Policy Memorandum and Final Policy Memorandum will be developed and delivered to the City. A one-hour virtual meeting to review the Draft Policy Memorandum is included in this task.

Task 6. Project Management

Project control activities include coordination of project activities with City staff, management of internal project support team, monitoring of schedule and budget, and internal review of work products (QA/QC).

Proposed Fee, Schedule and Hourly Rates

The tasks in the Phase 1 Scope of Work described above will be performed on a time and materials basis, with the total fee not to exceed \$77,460, without prior authorization. The proposed budget is for the entire engagement and all or part of the budget may be shifted by Dopudja & Wells among tasks as the project progresses.

Because we do not have a detailed list of documents, nor have those documents in our possession at the time of this proposal, we are estimating our effort will take approximately two to three months from the notice to proceed.

Table 1 below outlines the proposed not-to-exceed contract amount to provide as-needed support for the aforementioned tasks. Hourly rates for consultant support are shown in Table 2. It is our understanding that the work will be conducted principally by Dopudja & Wells' Principal, Stephen Dopudja, with support from Paul D. Jones II, P.E., Jon Wells, P.E. and Jason Pivovarovff, P.E. on an as-needed basis.

- (2) This insurance does not apply to any insured person or organization from whom you have acquired such products, or any ingredient, part or container, entering into, accompanying or containing such products.

b. Lessors Of Equipment

- (1) Any person or organization from whom you lease equipment; but only with respect to their liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by your maintenance, operation or use of equipment leased to you by such person or organization.

(6) When You Are Added As An Additional Insured To Other Insurance

That is other insurance available to you covering liability for damages arising out of the premises or operations, or products and completed operations, for which you have been added as an additional insured by that insurance; or

(7) When You Add Others As An Additional Insured To This Insurance

That is other insurance available to an additional insured.

However, the following provisions apply to other insurance available to any person or organization who is an additional insured under this Coverage Part:

(a) Primary Insurance When Required By Contract

This insurance is primary if you have agreed in a written contract, written agreement or permit that this insurance be primary. If other insurance is also primary, we will share with all that other insurance by the method described in **c.** below.

(b) Primary And Non-Contributory To Other Insurance When Required By Contract

If you have agreed in a written contract, written agreement or permit that this insurance is primary and non-contributory with the additional insured's own insurance, this insurance is primary and we will not seek contribution from that other insurance.

Paragraphs **(a)** and **(b)** do not apply to other insurance to which the additional insured has been added as an additional insured.

When this insurance is excess, we will have no duty under this Coverage Part to defend the insured against any "suit" if any other insurer has a duty to defend the insured against that "suit". If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

- (1)** The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
- (2)** The total of all deductible and self-insured amounts under all that other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Method Of Sharing

If all the other insurance permits contribution by equal shares, we will follow this method also. Under this approach, each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any of the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.

8. Transfer Of Rights Of Recovery Against Others To Us**a. Transfer Of Rights Of Recovery**

If the insured has rights to recover all or part of any payment, including Supplementary Payments, we have made under this Coverage Part, those rights are transferred to us. The insured must do nothing after loss to impair them. At our request, the insured will bring "suit" or transfer those rights to us and help us enforce them. This condition does not apply to Medical Expenses Coverage.

b. Waiver Of Rights Of Recovery (Waiver Of Subrogation)

If the insured has waived any rights of recovery against any person or organization for all or part of any payment, including Supplementary Payments, we have made under this Coverage Part, we also waive that right, provided the insured waived their rights of recovery against such person or organization in a contract, agreement or permit that was executed prior to the injury or damage.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

**WAIVER OF OUR RIGHT TO RECOVER FROM
